

The Anulet P. Jackson Memorial Scholarship

The Anulet P. Jackson Memorial Scholarship supports deserving students who demonstrate leadership, academic promise, and a commitment to strengthening their communities. Established in honor of Anulet “Pat” Jackson, whose more than 30 years of service helped advance the cooperative movement through the Federation of Southern Cooperatives/Land Assistance Fund, this scholarship celebrates her enduring legacy of service, empowerment, and community development.

Made possible through the longstanding generosity of supporters dedicated to Pat Jackson's vision and the Federation's mission, the scholarship continues to invest in the next generation of leaders across the rural South. This year, the Federation will seek to award scholarship recipients from the seven states where it maintains active staff and programming: Alabama, Florida, Georgia, Louisiana, Mississippi, South Carolina, and Texas.

Through this scholarship, the Federation remains committed to expanding educational opportunities, supporting rural youth, and honoring the legacy of individuals whose dedication has strengthened communities through cooperation, leadership, and service.
